Lieutenant General Vernon A. Walters  
Deputy Director of Central Intelligence Agency  
Central Intelligence Agency  
Washington, D.C. 20505

Dear General Walters:

As you know the Military Intelligence Officer Advance Course of the U.S. Army Intelligence Center and School prepares officers for intelligence command and staff assignments as well as attendance at the U.S. Army Command and General Staff College. To prepare officers for these positions, the USAICS conducts a guest speaker program with speakers from positions of great responsibility within the intelligence community.

On behalf of the Staff and Faculty, I would like to invite you to address the Advance Classes in session on the afternoon of the 27th of June on a subject of your choosing. The students as well as members of the Staff and Faculty will be very interested in any topic you might choose.

This particular time frame is very important to the USAICS as well as the Military Intelligence Branch. The 28th of June is the USAICS organization day and the 29th is the date of the MI Ball at Fort Huachuca. Additionally the recently formed National Military Intelligence Association, is having their convention in Sierra Vista, Arizona located adjacent to Fort Huachuca, on June 27 and 28. The board of directors of the N.M.I.A. has asked that I take this opportunity to invite you to address their convention at their dinner on the evening of the 28th of June. A letter from the President of the N.M.I.A., Colonel Dalton, will be forthcoming.

If your schedule permits you to accept our invitation a detailed itinerary will be sent for your approval. Hopefully, you can be here for this very important period in the history of Military Intelligence.

Sincerely,

HARRY H. HIESTAND  
Brigadier General, USA  
Commanding

MORI/CDF
